CLERK U.S. DISTRICT COURT
WEST. DIST. OF PENNSYLVANIA

Date: August 4, 2017

I am writing this brief letter to make clear for the record that I wish to maintain my right to have this case assinged to a District Judge. I know previously that the case had been assinged to the honorable Judge David S. Cercone. I know there was some discussion with my attorney, Louis J. Kroeck, about having the Chief Magistrate handle the case without judge Cercone, to which I initially agreed.

I am unsure what I have to gain or lose by maintaing the right to have a district judge preside over the case other than I may offend Cheif Magistrate Kelly, whom I have no intention of intentionally offending as I'm quite sure she is a very capable. For those reasons I wish to maintain the right to have a district judge preside over the case.

Sincerely,

Shawn Moore #LZ-9799
